ОЯКА

LOOKING FOR PERFECTION

Hello from ORKA.

Along with the changing perception of the spaces each new criterion transferred its own feeling to the bathrooms. Now, the Word in bathrooms is in designs that are far from ordinary, stylish and have a story.

As ORKA Bathroom, we grow ourselves with all the stories of life in line with the needs of the age.

ONLY

COLLECTION

This endless cycle starts with you, then evolves into life.
If you are removed for this cycle, what will be meaningful left
from this cycle?

Only Collection; It is designed to make your life cycle fascinating
and to leave meaningful and full of traces in your life.
Shaped by the aesthetic details and forms of the age It
combined the fine details of life with naive touches.

COLLECTION

How everything flows by itself in a perfect cycle, right?
This endless cycle recreates itself perfectly every day.

Rate Collection; It is designed for you to catch the
balance with perfect ratio of the endless loop. By
reviving classical details with modern lines, it combined
the traces of the past with the forms of today.

AMORF

COLLECTION

Now, imagine your freest playground life.
Limits in your life. Quite restrictive.
The more limitless everything is the better, isn't it life?

Each piece of collection, created with the concept of
"Life" designer **Sezgin Aksu** and ORKA design team,
touches on its own characteristic features. The Amorf
Collection is the choice of those who want to experience
the limitlessness in every living space.

MATT LACQUER COLOR OPTIONS

GLOSSY LACQUER COLOR OPTIONS

For lacquered surfaces in retail sales;
There is no price difference in the marked color options.

Marked color options have a price difference of 20% The duration of the term is 20 working days from the order.

QUALITY BY VALUE OF THESE LANDS

ORKA continues to work with the understanding of quality and accessible comfort to the people of this land by producing with the values of these lands. Leading the bathroom furniture sector in Turkey with good design, quality and service principles that pioneered develops with its strategy to becoming a global brand with a high quality approach.

With the values which is taken from its history, it makes production respectful to the earth, nature, universe and people.

Soft Closing Doors and Drawers

With the integrated brake system inside the hinge, the doors and drawers close softly and quietly and these systems are long-lasting.

Durable Glue

Banding of all products used in production is applied with PU (polyurethane) glue system.

E1 Certification

High quality materials are used in products that do not contain carcinogenic substances that harm human health.

IP44 Standard Lighting

IP44 Specifies protection strength against water contacts.

Moduler Furniture

Bathroom furnitures are manufactured and sold modularly.

Non-Fading Mirror

While the mirrors are flotal and provide a clear image, antibacterial silicone is not blackened by application.

Tempered Glass

The glass used in the products is tempered glass which is 5 times more durable than normal glass in the countertops, covers and shelves. When these windows are broken, they break into small, non-sharp pieces that will not endanger human life. Therefore, the risk of injury is minimized.

Interior Led Lighting

With the special LED lighting system integrated inside the mirrors, homogenous light does not tire the eye and increases the comfort of use.

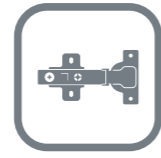

Full Extension Doors and Drawers

The wide open-angle doors and full extension drawer slides provide superior ease of use and high storage capacity.

Ecological Mirrors

We are environmentally friendly with our ecological mirros.

Quality Slides and Hinges

All slides and hinges used in the products are manufactured in accordance with European and TSE norms.

Superior Lacquer Quality

Hygienic bathroom furniture with high quality lacquer application and high resistance to moisture and yellowing.

IP67 Standard Lighting

IP67 indicates resistance to dust and protection against short-term water contact.

2 Years Warranty

All bathroom furniture is guaranteed for 2 years.

CERTIFICATIONS

ORKA Bath produces products suitable for your style according to international standards. it keeps following of the latest technology and world innovations to bring flawless quality to your homes.

FSC® Certification

FSC® forest management certification is an internationally recognized forest management certificate. It authenticates that the raw materials and semi-finished products used in the products reach the consumer by preserving the biological diversity of the forest during the production, transformation and distribution stages.

ISO 9001 Quality Management System, ISO 14001 Environment Management System, 45001 Occupational Health and Safety Management System

It certifies that the production of goods and services in accordance with customer needs and expectations is achieved (ISO 9001) That environmental effects are taken into account at every step of the production (ISO 14001) It certifies that planned and systematic conditions are provided for employees occupational health and safety (ISO 45001)

ISO 10002 Customer Satisfaction Management System

The standards that respond to customer expectations and complaints are achieved (ISO 10002) at every step from the first phase of the product to its presentation to the consumer.

FSC Certification

It indicates the conformity of the product to European standards and allows free movement in EU countries.

TSE Certified TS EN 14749, TS 12487

TSE Certificate shows that our products carry out of safety rules compliance (TS EN 14749) and our company's service and service qualification requirements (TS 12487).

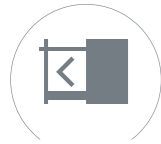

Covid-19 Safe Production Certificate

It is a document that shows compliance with reliable and hygienic production standards, taking into account the health of our all partners.

*Product specifications vary according to products.
*Certifications are valid only for ORKA Bathroom Furniture.

FURNITURE DESCRIPTION OF ICONS

Full Extension and Soft Close Doors

With the brake system integrated inside the hinge, doors are closed regularly and quietly in a light motion, providing superior ease of use with a wide opening angle.

Soft Close Doors

With the brake system integrated inside the hinge, the doors are closed regularly and quietly with a slight movement.

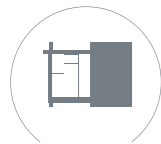

Full Extension and Soft Close Drawer

With the brake system, the drawers are closed softly and quietly, and full-extension slides are used for easy access to the drawer.

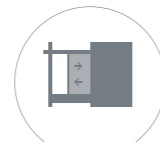

Soft Close Drawer

With the brake system, the drawers are closed softly and quietly.

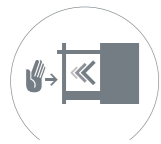

Partitioned Drawer

Designed to suit the needs of furniture, partitioned drawer provides optimal space usage for the user.

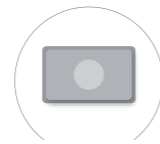

Internal Drawers

The hidden drawer structure in the furniture provides high usage comfort by meeting functional and aesthetic expectations at maximum level.

Push to Open, Full Extension and Soft Close Drawer

With the brake system, the drawers are closed softly and quietly and full-extension slides are used for easy access to the drawer. The push-to-open mechanism allows the drawer to open comfortably and quietly with a touch slightly.

Tempered Glass Bench

The risk of injury is minimized with the use of reinforced (tempered) glass countertops, which are more resistant than normal glasses.
